

Activate Your Patient Portal Account

1. Go to careatc.com/activate to get started.

2. Enter your information to lookup your account.

Make sure to enter your information based on what your HR Department or Benefits Administrator has on file for you.

3. Answer a few questions to verify your identity.

The security and privacy of our members is very important to us. Answering a few questions helps us securely verify your identity.

4. Follow the instructions for setting up your account.
